Officer Tracy conveyed young Curry to the lock-up, and the matter will probably be investigated in the Police Court this morning. The idea of being taken to prison seemed to horrify the young man as he had to be literally forced along, at the same time giving vent to his outraged feelings in a regular blubbering boo-hoo.

He had not proceeded far on this track before he fell with a tremendous crash, ending his travels for the morning. It was thought for a time that he had been seriously hurt, as he made no effort to rise, but after remaining in his prostrate position a few minutes, he got up and seemed to be ready for another race. It was thought best not to indulge him in this particular, and he was quietly returned to the stable. Wagon No. 2 escaped without any injury.

We desire to call attention to the notices that appear in another column relative to this business. From words they came to blows, two companions of Crumbacker coming to his aesistance. Between the three Mr. Heil was pretty well used up, one of his eyes being draped in the deepest shade of black, and his person bearing divers marks and scars received on that dark and bloody field. As a fitting finale to the affair, His Honor imposed a fine of ten dollars each and costs on Crumbacker, George Doyle and Peter Glue. Mr. Heil was also fined one dollar and costs for the part he took in the performances, which he promptly paid. We heard it whispered about after the Court adjourned, that the other parties would probably board out heir small indebtednesses around on Fitth sireet. HABITUAL COSTIVENESS OR CONSTIPATION.—From this affliction arises many of the allings of mankind. In our every-day walks of life we hear people complain of Nervous and Sick Headache, Bliousness, leadily of the Liver, Piles, Listlessness, Debility, Loss of Appetite, Choile Pains, Want of Niepe at night, and Drowsiness through the day Generally the cause of all this train of difficulties can be traced to Costiveness or Constipation of the Bowels, and a remedy for this complaint is what is required; but among the multiplicity of cathartic remedies how shall they choose. We all know that most cathartics, after through action on the bowels, leave them in perhaps a worse constipated state than of fore the remedy was taken. This, however, in perhaps a worse continuated state than oe fore the remedy was item. AMERICAN WALTHAM WATCHES THE BEST!! THE CHEAPEST!!

THE EXTENSIVE USE OF THESE
Watches by Railway Conductors, Engineers, and Expressmen, the most exacting
class of watch-wearers, has thoroughly demonstrated the strength, steadness durability, and accuracy of the Waitham Watch.
To satisfy that class in all these respects is to
decide the question as to the real value of
these timekeepers.
More than 800,000 are speaking for themselves in the pockets of the people.
Imported Watches are made on an expensive system, in small numbers, but by numerous makers, and are placed in the market
here by an Importer who first secures a
monopoly of Sale of some one Manufacture.
To the Manufacturer's profit must be add

A Custom-house duty of 25 per cent, payable in a control of at least 25 per cent to the Importer, another profit to the jobber; thus

A Waitham, Watches are manufactured. THE BEST!! THE CHEAPEST!! nearly doubling the cost of the imported watch.

At Waitham, Watches are manufactured on a large scale, under one roof and system of supervision and management, thereby saving many of the expenses necessarily incured in small establishments; hence their great chespiness.

To test the value of it in the case alludes to, I compounded a small quantity of the medicine that I had been planning, and gave it in teaspoonful doses. The result was exceedingly gratifying. Within two days the irritation of the throat was removed, the cough subsided and a speedy cure was effected. Soon after this, I senteome to a lady in Londonderry, N. In November, 1855, I first advertised it under the name of white Pine Compound.
